Developed by Dr. Lawrence Newsum, D.C. and Taught by Dr. Donald Baune, D.C., D.A.C.N.B.

“

***There Are Ways To Neurological Disturbances In The Organism Other Than
The Standard Vertebral Subluxation Complex.
Come Learn All About It.”***

For over 30 years, BKHS™ addresses many health issues that would not be treated without its unique procedures, such as in:

- ***Physical Disorders:***

- *Spinal and Extra-Spinal Musculo-Skeletal impairments*
- *Cranial fixations*
- *Meningeal and Cranio-Sacral impairments*
- *Upper and Lower limb NMS conditions*
- *TMJ dysfunctions*
- *Teeth induced neurological disorders*
- *Specific and non-specific Spinal Fixations*
- *Specific upper cervical imbalances*
- *Sprains and Sports induced health issues*
- *Fascia and Connective tissues adhesions*

Local soft tissues conditions
Sensory organs and Skin impairments
Organs, Glandular and Viscero-somatic disbalances
Scars and wounds induced tissues disorders

- **Bio-Chemical Disorders:**

Allergies and intolerances
Chemical and food induced health issues
Past or present environment induced body dysfunctions

- **Neuro-Emotional Disorders:**

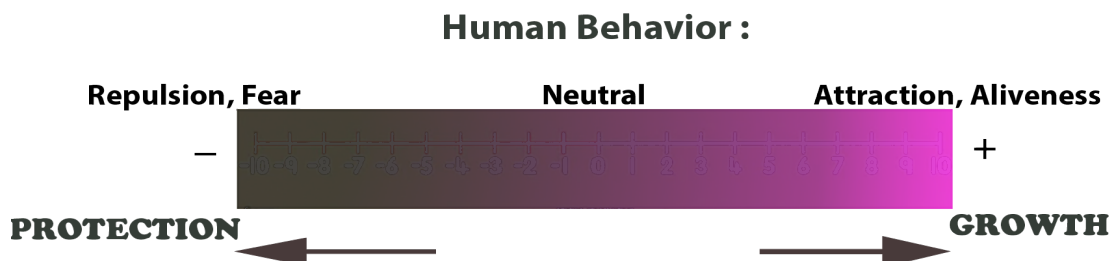

Traumatic events induced health issues
Chronic Emotional issues
Psycho-somatic conditions
Self-induced Emotional disorders
Chronic Stress induced health issues

- **Electro-Magnetic Disorders:**

TCM or Chinese meridians disbalances
EM intolerances
EM environment induced health conditions

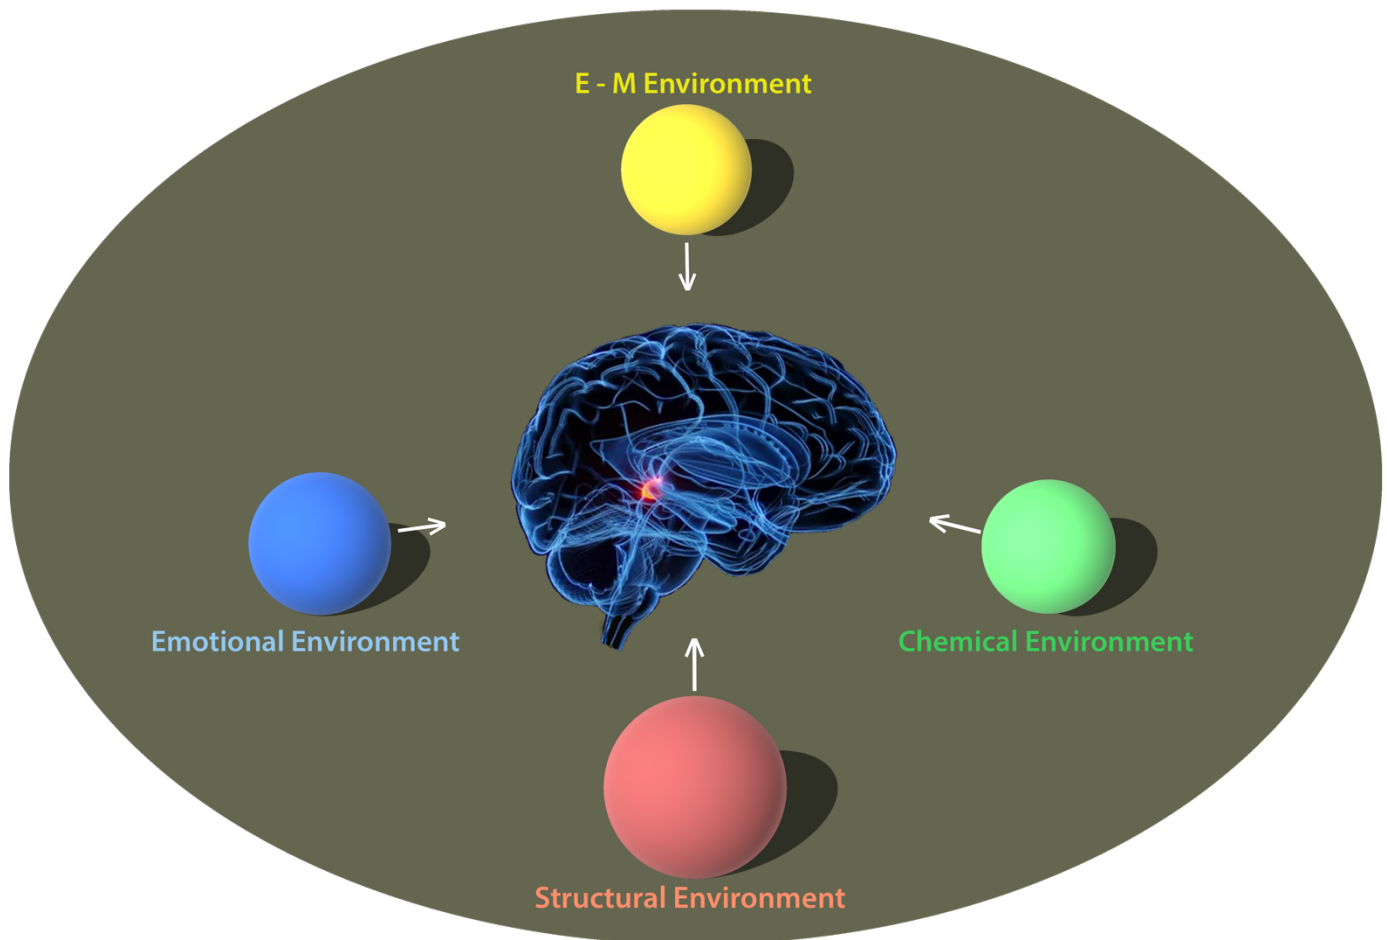

As Bruce Lipton, Ph.D. once stated in his book “Fractal Biology” :

“To any given organism, normal biological physiology is essentially about Perceiving one’s environment as livable, nurturing and welcoming for Life... or not ! This is the ONE condition for an organism to be in 1 of 2 opposite states: Either Living and Growing, or Protecting itself.”

We, humans are no exception to this rule: Health will ultimately depend on whether our cells are PERCIEVING its internal and external environment as “livable”... or not.

*Since 1995, Newstim BioKinetics™ is about having the organism **resetting his neurological perception** of his environment, internal and external, getting therefore the body back on track to an overall optimal physiology.*

*Its unique procedure lays in the scientific fact that Ascending Thalamic Neural Pathways are **the Master Afferent Pathways for sensory and kinesthetic perceptions in the human body.***

A mechanical stimulation on a specific area has been found to act as a neurological “reset” signal getting aberrant sensory input perceptions back to normal.

PRE-Treatment X-Rays

POST-treatment X-rays

Make you patients do a complete self-treatment on a daily basis, using Newstim BioKinetics™!

This is one of the most powerful advantage you will ever come across in the health field : Let patients go home with their own BKHS™ instrument, and have theme simply clear themselves using the “Stress-Test-Correct” procedure they will learn at your office!

Larry Newsum, DC chiropractor and BKHS founder

*This is a unique feature that a Health Method can offer: more specific clearances on a daily basis means **more chances to get the patient back to a healthy life***

Practitioners self-care:

*Health Practitioners also get to treat themselves... of course! This is one of the best health choice you will ever do to yourself : Checking and treating literally any kind of health situation on a daily basis, and quickly **see how your overall health is rising!***

What our patients say of Bio-Kinetics Health System®

"My name is Barbara Eagan, Minnesota. I am a living testimony of the power of Bio-Kinetics! I am forever grateful to Dr. Newsum and his technology for I have my life back because of his remarkable discoveries! Here is my story. Four months ago, I was hospitalized, again, for treatment of a chronic condition I have had since I was 20 years of age, Crohns Disease, a serious infection and inflammation of my large bowel. I am 32 years of age now and the doctors told me that I required the removal of my colon, or I would die. I had already had 21 inches of my intestines removed 8 years ago. I have had chronic diarrhea for years...." [Read more](#)

"I had been having problems walking for several years but it got worse in the last nine months. I had to stop going to the gym because it was too tiring and too painful for me. I had been to my regular GP, physiotherapy, osteopathy, massotherapy and another chiro...." [Read more](#)

Denise Legare
Rosemere, Quebec

"For the past 7 years my diet has been limited to 6 food items. Whenever I attempted to add other foods into my diet, I would experience rashes, shortness of breath, congestion, and stomach and intestinal pain. I had been...." [Read more](#)
