THE BIO-KINETICS HEALTH SYSTEM TEAM:

FOUNDER AND DEVELOPER OF THE BIO-KINETICS HEALTH SYSTEM

Dr. Lawrence Newsum, D.C. (in memorandum) graduated from Palmer College of Chiropractic in the 1960's and walked with and learned from some of the greatest pioneers in this profession, including B.J. Palmer, Sid Williams, James Sigafouse and more. He has taken all this experience, along with his own curiosity and scientific research to create and develop the Bio-Kinetics Health System. He left behind a legacy of excellence and passion, along with hundreds of doctors trained in this remarkable system.

NEUROLOGICAL CONTRIBUTOR AND INSTRUCTOR

Dr. Donald J. Baune, D.C., D.A.C.N.B. started his health journey when he was healed of a terminal condition at age 1½ by a chiropractic adjustment. He has been in practice for over 45 years and studied many health disciplines. He has a post-doctorate degree in functional neurology and is a diplomate of the American Chiropractic Neurology Board. He worked alongside Dr. Newsum to help develop the Bio-Kinetics Health System and has taught with Dr. Newsum to doctors from all over the world.

INSTRUCTOR, GLOBAL COORDINATOR, WEBMASTER

Dr. Romain Peissel, D.C. studied for a year at the French School of Chiropractic, then continued and graduated from Palmer College of Chiropractic (USA). He holds diplomates from the National Boards of Chiropractic Examiners and the International College of Applied Kinesiology. He completed his trainings with Bio-Kinetics Health System in 1998. He joined the Bio-Kinetics Health System team in 2020, to contribute to the future development and teaching of this health method worldwide.

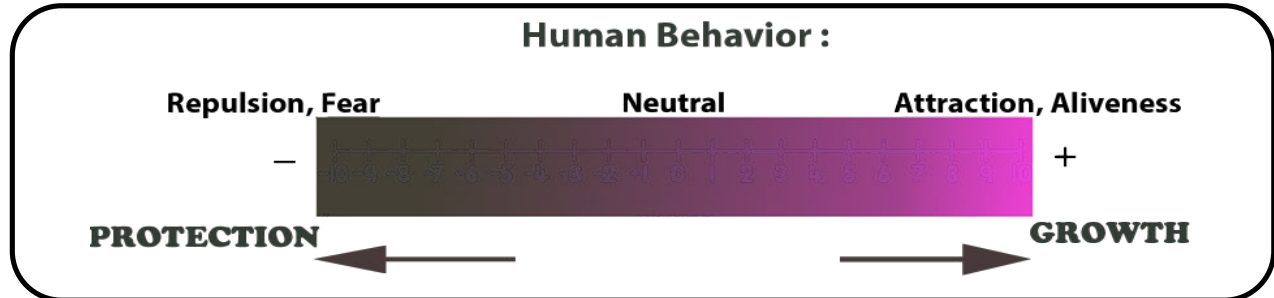

As Bruce Lipton, Ph.D. stated in his book “Fractal Biology”:

*“To any given organism, normal biological physiology is essentially about perceiving one’s environment as livable, nurturing and welcoming for Life... or not ! This is the ONE condition for an organism to be in 1 of 2 opposite states: **Either Living and Growing, or Protecting itself.**”*

Said another way:

“You can’t be running from the ‘tiger’ and lying down in the green pastures and healing at the same time.”

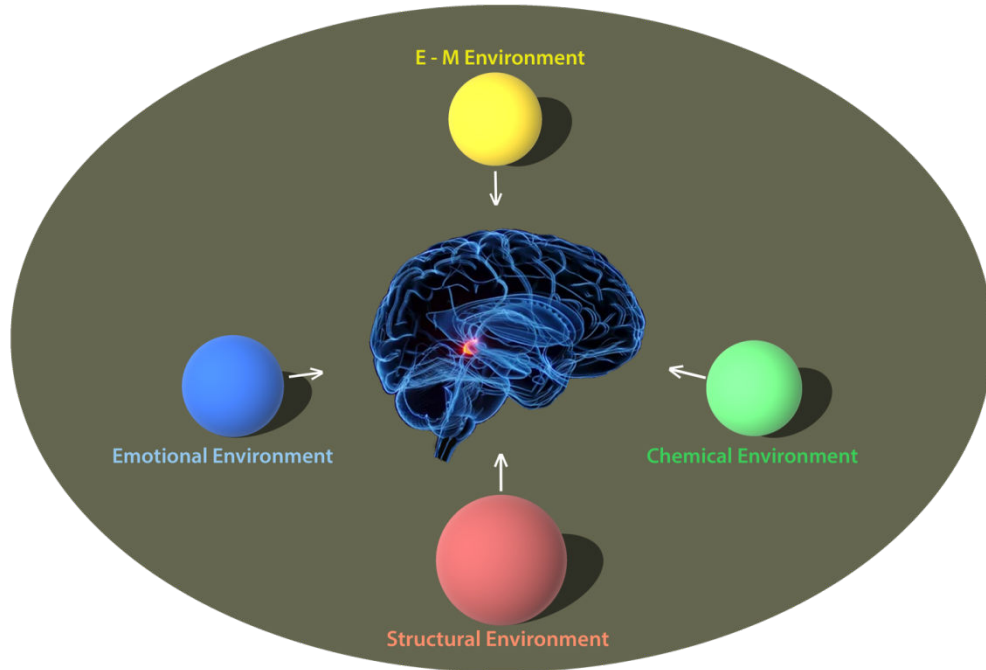

We, humans are no exception to this rule:
Health will ultimately depend on whether our cells are PERCIEVING its internal and external environment as “livable” (“safe”)... or not.

Since 1995, **Bio-Kinetics Health System**™ is about **resetting the neurological perception** of the organism to their internal and external environment, therefore getting the body back on track to an overall optimal physiology.

The Bio-Kinetics Health System deals with all four components of the body's environment :

Physical, Emotional, Chemical and Electromagnetic

We get RESULTS...

SPINAL CORRECTION USING BIO-KINETICS HEALTH SYSTEM:

PRE-Treatment X-Rays

POST-treatment X-rays

*The unique procedures in the Bio-Kinetics Health System are grounded in the scientific fact that Ascending Spinal-Thalamic and Dorsal Column Neural Pathways are **the Master Afferent Pathways for sensory and kinesthetic perceptions in the human body**. A mechanical stimulation to specific areas using the patented and neurologically calibrated NewStim instrument has been found to act as a neurological “reset” signal getting aberrant sensory input, along with sub-cortical and cortical areas of the brain, back to normal and all functioning in harmony with each other.*

The Bio-Kinetics™ NewStim Stimulator instrument

- *Easy to learn and apply immediately with amazing results.*
- *Neurologically based (Dr. Baune is a Functional Neurologist).*
- *Release physical, emotional, chemical and electromagnetic reactive stress patterns.*
- *Trigger your body's own natural healing powers at a whole new level.*
- *Ease sub-conscious emotional traumas keeping you locked into sadness, depression, anxiety, PTSD and more.*
- *Dampen and clear allergy-like reactive stress patterns. (These look and feel like real allergies but are not – you will be amazed what you thought was an allergy actually isn't)*
- *Heal injuries faster and more completely.*
- *Enhance peak body function and performance.*
- *Uses unique contact points to stimulate and balance the brain.*
- *Interrupt unhealthy neurological patterns that are causing dysfunction/dis-ease in your body.*
- *Patented New-Stim instrument **FREE** for first-time attendees (a \$119 value)*

BONUS: **UNIQUE SELF-CARE APPLICATION!**

This part alone is worth the price of the seminar !

*Practitioners also get to treat themselves! Imagine getting to work on yourself and clear many health issues. This is one of the best health choices you will ever do for yourself: Check and treat literally any kind of health situation you have on a daily basis, and quickly see **how your overall health improves!***

You can teach and coach your patients to do their own complete self-treatment on a daily basis using the Bio-Kinetics Health System!

This is one of the most powerful features of the Bio-Kinetics Health System: Let patients go home with their own NewStim instrument, and have them simply clear themselves using the “Stress-Test-Correct” procedure. The procedure is taught mainly from a workbook and instructional video with a few essential things taught in office, minimizing the doctors time and making sure patient’s apply it correctly for maximum results. Specific corrections on a daily basis means more chances to get the patient back to a healthy life.

I am 32 years of age now and the doctors told me that I required the removal of my colon, or I would die. I had already had 21 inches of my intestines removed 8 years ago. I have had chronic diarrhea for years...." Read more
